NW - Hedge Wood or Northwest Extension

FINDING LOTS

RANGE NUMBER DESIGNATION

Range Number and sometimes letter (such as 1B) are designated after the extension letters before the second hyphen (G-GG**29A**-2) for the following extensions: North Extension; Ranges; South Extension; Memorial Gardens Block “A”; Memorial Gardens Block “B”; Memorial Gardens Block “C”; West Extension; Greenwood Gardens; Northwest Extension.

BLOCK or SECTION DESIGNATION

Block/Section designation occur after the Extension letters before the second hyphen (G-BL**P**-18). This occurs for the Blocks (using letters A – P excluding J for individual Blocks) and the Sections (using numbers 1 – 16 for each Section).

North East Extension is different as it has both Blocks and Ranges (G-NES**18**-8). The Blocks are Q, T, S with range numbers 1 to 18.

On the Westside of the cemetery all extensions start at Range 1 and progress in an easterly fashion. The same is true for the ranges in North Extension and North East Extension. South Extension begins Range 1 at 2nd Avenue East and proceeds westerly to the office.
